Sponsorship Application Form

The Society of Construction Law – Turkey is extremely excited and honored to be hosting the 10th International Society of Construction Law Conference, which will be held in Swissotel the Bosphorus, Istanbul on 18-20 October 2023. The programme will begin with speakers from the American and Canadian Colleges of Construction Lawyers (ACCL & CCCL) on the afternoon of 18 October, followed by a Bosphorus Networking Boat Tour. There will be a gala dinner for our guests on 19 October 2023, and we will end with a cocktail reception on 20 October 2022.

Our event like its predecessors aims to gather construction lawyers and industry leaders from all around the world as well as to attract the local market's most prominent players, including contractors, employers, engineers and consultants.

The conference's theme of "Winds of Change" is carefully selected, as we wish to focus on the changes and transformation of conditions in construction contracting from both local and international perspectives, after global scale disruptions like the pandemic and climate change.

We are therefore pleased to invite applications for sponsorship of the conference as set out in this document. We truly believe our event will be a great opportunity to support the continued development of construction law, with exposure to leading experts and firms around the world.

We are looking forward to cooperating with you to achieve success in this international event.

Yours faithfully,

Yasemin Çetinel

President, Society of Construction Law Turkey

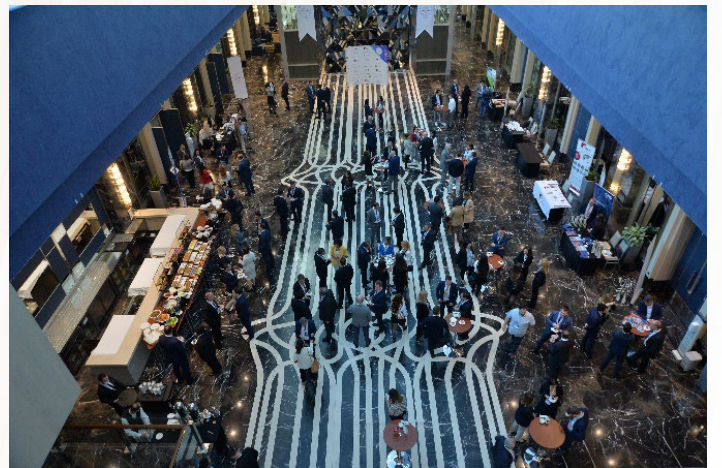

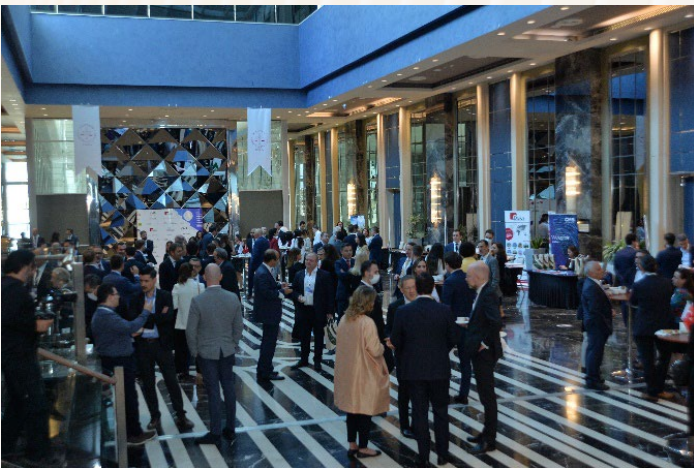

WHY SPONSOR?

Society of Construction Law Turkey was established in March 2021.

As a fairly young branch of a well established international organization, Society of Construction Law Turkey has already grown to more than 140 members, and membership continues to increase.

Society of Construction Law Turkey has held its first annual construction law conference in May 2022 in Istanbul with more than 180 participants in a full day event. Thirteen international firms supported this first annual construction law conference event, and Society of Construction Law Turkey has received considerable positive feedback during and after the event:

WHY SPONSOR?

This is the first time that the International Society of Construction Law Conference will be held in Turkey. The event occurs only every two years, and it is unlikely to return to Turkey for many years. The International Society has support from member societies around the world.

The event will be attended by some of the most well-known lawyers, arbitrators, consultants and other significant stakeholders in the world of construction law.

Sponsorship to this event provides an excellent opportunity to promote your name and support your brands, maintaining a high profile among international specialists.

Sponsorship provides you with an opportunity to engage with international authorities in the world of construction law over two days and under one roof.

Sponsorship allows you to be identified as a lead player in the construction law market in Turkey. We anticipate attendance from a broad spectrum of industry players from Turkey and overseas.

Construction law is a growing area in Turkey and sponsorship will assist you in being associated with this.

Sponsorship contributes to the promotion, planning and operation of the conference, reducing the overall cost of managing and staging the event and enabling a higher level of participation by the delegates.
